**Personal Bio**

My name is David Bonikowsky. I am 25 years old, and I am now returning to Spain as a full-time missionary. I was raised in Spain as my parents (Andy and Mimi) and both sets of grandparents are veteran missionaries there. So I return to a people, culture, and language I love.

At age 19 I came to the United States, where I continued ministry training in college and internships at Berean Baptist Church (Lilburn, GA) and Front Range Baptist Church (Fort Collins, CO). Since beginning college, I have spent three summers back in Spain serving.

**Ministry Goals**

All my life, the Lord has given me a strong desire to give my existence in pursuit of the Great Commission. He has specifically given me a great burden for the lost souls in the Basque Region of Spain, where I grew up. I have dedicated my life to church planting there.

My grandfather Al Bonikowsky planted and pastors Iglesia Bautista Bíblica de Irún in the Basque city of Irún. The Lord has allowed me to spend several summers serving in that ministry through regular preaching, leading the youth group, as well as helping with music and other programs. It is my plan to return to Spain this fall and continue to gain experience as a missionary in Spain. I hope to begin a Master's degree while serving in the Irún church under the mentorship of my grandfather.

**Sierra Creation**

During the past few years I have spent much time praying and seeking God's plan for my finances as I serve Him in Spain. I want to gain more ministry experience before beginning formal deputation. Meanwhile I want to live by faith, while being a wise steward of God's resources.

Growing up I learned quite a bit about web design, so last year I founded a company to begin making websites commercially. Now through Sierra Creation I design and maintain websites for a few small businesses. I believe God will use this venture to help provide for the ministry in Spain. At this point, Sierra Creation is simply a help so I can make a living in Spain. Paul was a tentmaker, but only as long as it enabled greater ministry, and I want to follow that model.

**Support**

Please consider supporting my ministry in Spain. The most valuable way you can help is through your prayers. I would love for you to connect with my ministry and receive emails with current prayer requests and updates. To do that, please see the links at the bottom of this page.

If you would like to invest financially in the work in Spain, please consider one of two options. My mission board is World Wide New Testament Baptist Missions. If you feel led to help with a gift, its address is in the sidebar. I do not plan to begin deputation until I have gained a few more years of experience on the mission field.

But I would love for you to consider partnering with me through Sierra Creation. I believe that if the Lord provides a network of friends to refer clients who need websites built, it could directly finance the work in Spain. Right now my target audience is small businesses, and I will be dealing with American clients. I am excited to see what opportunities the Lord opens up with your help. So please, keep Sierra Creation in mind as you pray for my ministry. For more information, visit [www.sierracreation.com](http://www.sierracreation.com).
